

## STORRS RETHINK MAIN STREET CENTER

### STORRS CENTER ANNOUNCES RETAIL OPPORTUNITIES

Do you know someone who is interested in owning or operating a business in Storrs Center? Are you looking for new office space?

If so, now is the time to contact the casting and leasing team for Storrs Center to express your interest in the new downtown, to be developed by LeylandAlliance LLC of Tuxedo, New York. Cushman & Wakefield, a nationally-recognized real estate firm, has joined with Live Work Learn Play to recruit the best retailers, restaurateurs and businesses for Storrs Center.

Evan O'Brien (860.249.0900) is the local contact for Cushman & Wakefield. As a UConn graduate, Evan is particularly excited to work on this unique project. He knows the area and is eager to find businesses with the "right fit" for the Mansfield community.

Ryan Bloom (843.271.1366) represents Live Work Learn Play, a Montreal-based company that has a long partnership with LeylandAlliance. Live Work Learn Play has been involved with the Storrs Center project almost since its inception. Their "casting process" seeks out shops, cafés and others that will fit the needs of Mansfield and create the desired atmosphere in Storrs Center: welcoming, lively, varied.

Together, Live Work Learn Play and Cushman & Wakefield represent the best in retail recruitment and planning, and we're very excited to have them as part of the Storrs Center team.
